Circular Letter #2

September 15, 2022

Dear Parents/Guardians,

One of the services of the Guidance Center is the testing service which aims to ascertain the level of learners' achievement, strengths & weaknesses, and capabilities through the different standardized tests. Test results generated from these are utilized to improve programs that enhance their continuous development. For two pandemic years, this service was not implemented due to the challenges of distance learning.

With the return of the learners to school, the testing service will be administered this school year to:

- a. measure the effectiveness of instructional reforms;
- b. provide bases for the improvement of programs; and
- c. serve as a guide for learners in making their decisions in terms of their TLE Specializations, SHS Tracks and Strands and their future career path.

We would like to inform you then that on **September 19-23, 2022**, all **Grades 3-10** learners are asked to participate in the **ONLINE test**. All **Grade 7 and Grade 10 learners** will also take the **paper-based/ONSITE test**.
